

Explore Business Collaboration with ENGIE Energy Marketing Singapore in the Asia-Pacific Region

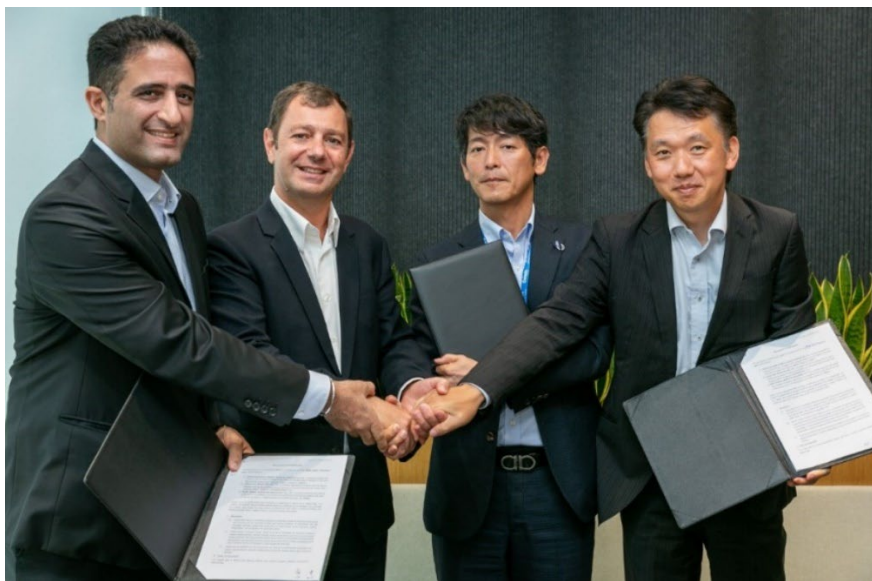

November 23, 2022

Osaka Gas Energy Supply & Trading Pte. Ltd.

Osaka Gas Singapore Pte. Ltd.

ENGIE Energy Marketing Singapore Pte. Ltd. (hereinafter, “ENGIE”), Osaka Gas Energy Supply & Trading Pte. Ltd. (hereinafter, “OGEST”) and Osaka Gas Singapore Pte. Ltd. (hereinafter, “Osaka Gas Singapore”) (hereinafter, “the Parties”) have signed a Memorandum of Understanding (MOU) to explore business collaborations in Asia-Pacific region. Under the MOU, the Parties will consider and assess opportunities for potential collaboration among the Parties across the energy sector, such as Liquefied Natural Gas (LNG) and electricity trading, risk management and development of low carbon energy including renewable energy, hydrogen, ammonia and synthetic methane as well as carbon credits and renewable energy certificate (REC).

In *Going Forward Beyond Borders 2030*, the long-term corporate vision and medium-term corporate planning for the Daigas Group, one of the stated objectives is to accelerate the growth of the overseas energy business. Daigas Group has been expanding its business of gas distribution, gas sales to industrial customers, energy services, rooftop solar power generation in Southeast Asia, as well as LNG trading with its trading arm and fleet to realize competitive and flexible procurement of LNG supply. With Asia regarded as a key region with growing energy demand behind rapid economic development, the Daigas Group will continue to expand business footprint in the region and contribute to the stable and sustainable supply of energy.

At the signing ceremony of the MOU
